

Hartenberg Wine Tasting

Welcome to Hartenberg - one of the Cape's oldest wine estates, and the home of Regenerative Viticulture in South Africa.

We farm with care, working with nature to give back more than we take, and it shows in the wines: balanced, expressive, and rooted in place.

Tastings here are relaxed and personal. Explore at your own pace, ask if you're curious, or simply enjoy a quiet moment with a good glass in hand.
