

# *Our Picnic Platters*

Settle into one of our shaded picnic spots and unwind among the gardens and lawns, surrounded by the tranquility of nature. Our picnic area offers a serene setting for leisurely afternoons, with unhurried service and a chance to enjoy good food, wine and company at your own pace.

In keeping with our love for the land, we've moved away from single-use packaging when serving picnics. Our picnic platters consist of a selection of local charcuterie and cheeses, Eleanor's famous snoek pâté, seasonal accompaniments and artisan breads.
